Great laptop

Incentivized

Verified Purchaser

Owned for 1 month

My Best Buy® Member

I was looking for a laptop and was doing my research. I wanted an inexpensive but good laptop that has chrome book. I love buying my electronics from bestbuy. I think they always have the best deals. So, this was a Christmas gift for myself. I love my laptop, it came with with a sleeve to put the laptop in which makes it easy to travel with while ...

Verified Purchaser

Owned for 3 weeks

My Best Buy® Member

So far so good as I have had zero issues with this Chromebook. I wish it had a touch screen but it does not. The screen is clear and bright and the sound is good and clear. It should do well for you as long as a Chromebook is what you need. This model also includes a transportation sleeve for the unit and any papers you might need to carry. This unit ...

About this item

Product details

The Acer Chromebook 315 features a 15.6" anti-glare screen designed to let you get more done, no matter where you are. You'll stay focused in either the classroom or the office with a dedicated number pad, a fast processor, and an ecofriendly OceanGlass touchpad. Recognized as the perfect multi-media companion, this special machine is super thin, extra light and delivers unmatched value in today's fast-paced, technology-driven world. It features an impressive HDR camera, fast wireless connectivity and long-lasting battery life, so you can run your favorite Google apps or access your photos, videos, music and documents all day long.

- Futureproof Processing** - Enjoy a long battery life and responsive software thanks to the Intel Celeron processor. The extra boost of performance makes projects and applications run smoother so that tasks finish quicker, while the advanced Intel Wi-Fi 6 (802.11ax) technology allows you to enjoy up to 3 times faster speeds than standard Wi-Fi 5.
- Designed To Be Seen** - The narrow bezel allows for a 15.6" non-glare screen in a smaller footprint. Thanks to the 10.5 mm narrow bezel and wide viewing angle of the Full HD screen, you can better enjoy movies, videos, and TV shows.
- Superior Conference Call Experience** - Get a rich sound without needing to break the bank. With DTS Audio enjoy higher quality video, distortion-free sounds and deeper bass. Great sound, two built-in microphones and a flare-reducing webcam, this laptop is the ideal choice for hybrid workers.
- All-Day Battery Life** - 10 hours of battery life goes a long way. With just a single charge, the powerful, long-lasting battery gets you through a full day's worth of classes without needing your power adapter.
- Staying Productive with Chrome OS** - Chromebook laptops run on Chrome OS - An operating system by Google that is built for the way we live today. It updates automatically, boots up in seconds and continues to stay fast over time. (Internet connection is required).
- Eco-friendly Touchpad** - This Chromebook uses an environmentally-friendly OceanGlass touchpad made entirely out of abandoned plastic waste and reused within its surface to provide you with a sleek, glass-like tactile texture as your fingers scroll across the touchpad. The use of ocean-bound plastic waste in the OceanGlass touchpad helps contribute to the reduction of plastics adrift in the ocean.

Great purchase for an even better price

This laptop has quick response times and is perfect for a "this would be easier on a computer" basis. After my MacBook crashed, I couldn't fathom spending upwards of \$1500 for a new one. After spending a couple days comparing my options, I'm glad I chose this one!

Great Laptop!

[This review was collected as part of a promotion.] This Acer ChromeBook 315 with full HD display is super sleek! The screen is huge at 15.6" and the display quality is perfect. I'm not the biggest fan of Windows, so this ChromeBook is right up my alley. I love how it signs into your Google account upon turning on and everything is easy to access. The keyboard includes a number pad, which I find useful since I work in an office setting. Plenty of storage for school work or other uses. The battery life is good and I can go almost all week (a few hours daily) before needing to charge it up. I'd highly recommend this laptop for anyone looking for something that's simple and easy to navigate. However, being familiar with Google applications wou...

Great chrome book

[This review was collected as part of a promotion.] So far this chromebook is great. The screen size is impressive. Nice and big. Everything is quick to upload and down load. It came with a nice case to carry it in. The charge last a long time. No complaints so far.

Perfect for work or school

[This review was collected as part of a promotion.] I was impressed with the Acer Chromebook 315 large 15.6" Full HD vibrant display. The anti gloss screen is large and great for viewing multimedia like movies or games, and of course the many amazing apps available from the Google Play Store. The Acer 315 Chromebook is the perfect size, very lightweight and thin, which makes it perfect for schoolwork or personal work needs. It comes with a soft, padded carrying case (which I love) to store and protect it when traveling or not using. The battery life is excellent and I find I only need to charge it every other day or so. The device is fast and graphics are smooth. Overall, this is an excellent device that is well made with high quality mater...
